

**Northern Nevada's Premier Headquarters  
for Group Golf Outings  
Page One – It's About Where You Stay**

The Carson Valley Inn has been hosting golf groups for 25 years and has long been the premier headquarters for Northern Nevada group golf outings. With our newly remodeled casino, reduced room rates and special partnerships with area courses, the Carson Valley Inn is now better suited than ever for group golf visits! Our three accommodations options (**hotel, motor lodge and RV Park**) provide a flexibility that satisfies all group participants. Our rural setting provides clean air, majestic mountain views and small town charm that only enhance the relaxing feel of your group's outing.

The Carson Valley Inn changed ownership January 4, 2010 when the original owners turned the reins over to Mike Pegram and his partners. A \$10 million remodeling project started the next day! Mike (owner of **2010 Preakness Stakes Winner *Lookin at Lucky***) is definitely living up to his commitment to provide a more modern property and improved dining while still maintaining the atmosphere, charm and friendliness that were the cornerstone of the Inn's success and growth over the last 25 years.

With the casino remodeling completed in early 2010, over 300 new slot games (over 500 total slots) are on the floor including all the latest and most popular themes. There's new high-comfort seating throughout the casino and a new table games area. The new casino bar is a lively and popular gathering place. The new Cabaret Lounge has up-close live entertainment seven nights a week. A brand-new Sports Book and 28 HD televisions provide plenty of sports action!

There's new carpeting throughout the casino, the walls and ceilings have been redone, new lighting enhances the casino ambiance and a new Guest Services area is inviting and more functional. A new air-handling system constantly brings in fresh outside air and has really made a difference! Everything in the casino has been remodeled, replaced, refurbished or refreshed . . . including new uniforms and sparkling attitudes on our employees.

Our new restaurant, **CV Steak**, brings back the Nevada-style steakhouse experience with hearty portions, exceptional service and great values.

The rebirth of the Carson Valley Inn is far from complete. Projects coming in late 2010 or early 2011:

- Refreshed hotel rooms (in stages) including flat-screen televisions and new vanities, showers, mattresses, bed and bath linens and more.
- Remodeling of Kate's, the Carson Valley Inn's 24-hour coffee shop restaurant.
- Remodeled guest lobby area.
- Updates to the convention center/banquet rooms.
- A new deck in the indoor pool area.

Page Two – It's About Where You Golf**

**Carson Valley Inn golf groups** can choose from eleven area courses offering 207 holes of play. There's a full variety of course challenges, prices and designers. For golf groups as small as eight people, or a large outing of over 150 golfers and guests, the Inn's standard and custom group golf packages assure a fun visit filled with scenic golf, fabulous food and plenty of casino fun!

**For groups of 24 or more**, there's an arrival night reception and a final night awards banquet. **For "mini" groups of 8 - 24**, there's an unbeatable 4-course dinner in CV Steak our new Nevada-style steakhouse. Want more? We'll gladly add group breakfasts, additional cocktail parties and non-golfer activities. Stay as little as two nights or a full week and enjoy as much golf as you can handle!

**Eleven Area Courses**

**Courses here in the Carson Valley include:**

- The tree-lined [Carson Valley Golf Course](#) in Gardnerville
- The Peter Jacobsen and John Harbottle designed [Golf Club at Genoa Lakes – Lakes Course](#)
- The Johnny Miller and John Harbottle designed [Golf Club at Genoa Lakes – Resort Course](#)
